

Congrats to Monning on health panel pick

We wish to congratulate Assemblyman Bill Monning on his new role as chair of the state Assembly Health Committee. He will provide critical leadership to the task of protecting and strengthening California's health care system.

As leaders of our local Healthy Kids program, we particularly appreciate Mr. Monning's commitment to the health care needs of children. Healthy Kids works to cover all local children, giving them access to the quality health care services that are essential to healthy development.

We applaud Monning's appointment and look forward to supporting his efforts to ensure that all children enjoy the healthiest possible start in life.

Alan McKay and Martina O'Sullivan, Healthy Kids of Santa Cruz County co-chairs
