

Healthy Kids opens new downtown office

Santa Cruz – Xochitl Zaragoza, outreach coordinator at United Way Healthy Kids, welcomed visitors into the organization's new downtown location at 903 Pacific Avenue. The organization, which hosted an open house Monday, assists families in applying for health insurance, including Medi-Cal, Healthy Families and Healthy Kids. The program is open to new enrollment for children 5 and under, but enrollment is frozen for children 6 and older due to funding cuts. Read more about the program at shealthykids.org.
